POSITION SUMMARY

Performs professional nursing duties in the care of adult and pediatric patients in medical/surgical, pediatric, obstetrical, and emergency room settings in the hospital and in medical evacuation situations.

PRINCIPAL DUTIES AND RESPONSIBILITIES

1. Utilizes the nursing process to assess, plan, implement, and evaluate care to meet the physical, emotional, spiritual, and socio-cultural needs of the acute care patient and his family.
2. Observes the patient's clinical condition; recognizes, identifies, and interprets serious situations while initiating appropriate nursing interventions.
3. Assumes responsibility and accountability for individual nursing judgments and actions.
4. Safeguards the patient's right to privacy by judiciously protecting information of a confidential manner.
5. Develops and implements patient/family teaching programs based on mutually identified health care goals.
6. Provides guidance and leadership to other personnel in the form of in-services, orientation, participation in committee activities.
7. Assumes charge nurse duties as assigned, including staffing, supervision and decision-making responsibilities.
8. Participates in emergency medevac procedures when required.
9. Documents all observations, nursing interventions, therapeutic measures administered, and status of coordinated activities between nursing and other professional disciplines.
10. Evaluates the patient's plan of care and revises plan as needed.
11. Participates in continuing education activities.
12. Participates in departmental and organizational performance improvement activities and utilizes incident and medication error reporting protocols as required.
13. Understands the developmental needs of all patients throughout the continuum of life. Is able to adjust care to these needs. Documentation reflects this understanding.

SKILLS AND KNOWLEDGE

Associates degree in Nursing from an accredited institution. Current Alaska licensure as a Registered Nurse. Ability to lift up to 70 pounds and spend long periods of time standing and walking. May be exposed to communicable diseases and hazardous materials. Must be able to pass the core competencies assigned to the unit annually.
